Echo of Past

Tradition has it that Mettack, a Dutch name, was the name of a neighboring town not so far from the southern end of the town line. Was given in honor of an Indian princess. Way back in 1706-1709 when "Royal Letters Patent" authorized the British crown to parcel out tracts of land to the early settlers, the brook in the town which formed a boundary line for many conveyances was called the "Mettackhunk Kill." In 1718 it is recorded that "John Hartness desires a conveyance for 100 acres lying under the straw-berry hill, otherwise known as the Cherryburgh the a good one for a settling garden, etc." beginning at a certain corner out of said hill and waters that run into the Mettackhunk Kill." Request granted. Earlier, in 1706, Lodewyk Hoornbeck asked the town trustees for, and received, 50 acres of land near the Modder Kill and the land he now lives upon, and 5 acres of marsh, he fly, he culture the path that leads from his house to Ashokan. Also, Trunis Oosterhout asked for 5 acres of the same fly and his request was

granted. Three year later, Lodewyk decided he ought to have a certain tract lying behind his land. To run along Dirk Westbrook's land and north line next said Hoornbeck's land, on the north side of the Mombaccus Kill to the Mettackhunk Kill, and further as he shall measure. Next, Neighbor Westbrook asked for and got all the land "that lies between his land and the kill behind his land." The Decker, Cortrecht, DePuy, DuBois, Van Aken and other families also acquired lands in much the same manner, and thus one

more settlement was formed in Rochester.

Evangeline Homes Help 3,000 Women Annually in U. S.

About 3,000 young women, the majority of them coming from small towns and hamlets across the country, each year find living quarters in the Evangeline homes and residences operated on a non-profit basis by The Salvation Army, according to Captain George Gibb, of Kingston.

Thirteen Evangeline residences are operated in the United States: in New York, Pittsburgh, Chicago, Los Angeles, Washington, D. C., Detroit, Seattle, San Francisco, St. Louis, Cleveland, Atlanta, and at Long Branch, N. J., a vacation home.

The expression, "Homes Away From Home," that was popularized as a slogan by the U.S.C., was borrowed "for the duration" from the Evangeline Residences, whose original slogan it was, and whose accommodations for young

business girls are planned to provide living conditions that approximate as closely as possible those in an average home.

Kitchen facilities, where young girls can prepare evening snacks for their dates; and large lounges with dozens of semi-private corners, are two ways in which the Evangeline Residences help to create the "home away from home." Most of the rooms have private baths, and boast facilities and artistic surroundings for the same low-price rental. The low rents make any Evangeline Residence available to young girls starting a business career and not earning a large salary.

Some of the Evangeline Residences have a swimming pool, and a large, well-equipped gymnasium. Laundry and sewing facilities are offered to all residents; and in holiday times, special dinners and parties are arranged. Vesper services are held every evening after dinner, for those who wish to attend, but attendance is optional.

The residences are open to young women of all faiths, and are generally filled by girls from every part of the country, following every type of profession. A cross-section of the guests includes secretaries, dancers, young actresses and understudies, clerks, teachers and nurses. Even in peak days, these homes were filled to capacity, with long waiting lists.

The first Evangeline Residence was opened in 1898 in Los Angeles. They were named in honor of General Evangeline Booth, daughter of the founder, and Past international commander of The Salvation Army.

Albany, May 26—The New York Central Railroad's President Gustav Metzger told stockholders today that the 1948 outlook is for net earnings "above those of 1947," when net income was \$2,306,082, or 36 cents a share, on total operating revenues of \$703,340,527. Ives Gets Mail Urging Opposition To Anti-Red Bill

Washington, May 26 (AP)—An aide to Senator Ives (R-N. Y.) said today the senator is receiving "huge" amounts of mail—mostly postcards—urging opposition to the Mundt-Nixon anti-Communist bill.

Since the House passed the measure last Wednesday, an aide to Ives said, more than 6,200 postal cards have been received. In addition, she said, a "very considerable" number of letters and about 500 telegrams have been delivered.

Postmarks indicate the bulk of the mail comes from Long Island, the Bronx, Harlem, Schenectady, Utica, Buffalo, Jamestown and

North Tonawanda, all in New York.

She reported receipt of 200 special delivery letters, all identical in their opposition to the measure. Then there was a batch of about 100 cards, bearing a Far Rockaway, L. I., postmark, that contained a variation from the usual message.

The senders had crossed out the sentence, "I urge you to vote against the Mundt-Nixon bill" and substituted the following: "I urge you to vote for the bill."

1949 Ford Car Shown to Dealers

Ford Dealers Throughout Country Will Display Them June 18

The all-new 1949 Ford car was shown for the first time to more than 1,000 Ford dealers from the northeastern part of the country at a regional sales meeting and preview showing held Saturday, May 22, in New York City's Waldorf Astoria.

George N. Shively, of Old Capital Motors, Inc., disclosed today.

Although the new Ford line will not be shown publicly until the world premiere June 10 in the Waldorf Astoria, the private preview was held so Ford dealers could get a glimpse of the radically-changed cars they will soon offer to the public.

In commenting on the preview, Mr. Shively said that it was held in strict secrecy and under conditions "reminiscent of war-time security." Design, appearance, and engineering features of the new line must remain confidential until the public introduction June 10.

Henry Ford II, president of the Ford Motor Company, in a special film message to the dealer group declared "there is only one feature—one outstanding feature—in the 1949 line that is not new. It is a feature that was built into today's car by my grandfather. We might call that feature the traditional Ford philosophy of giving the public the highest quality at the lowest possible price. That's what makes it a Ford."

The new 1949 line of Ford passenger automobiles represents an investment by the Ford Motor Company of more than \$110,000,000 in new equipment, tools, dies, machines, and several new plants. This huge investment, however, has enabled Ford to produce the first all-new cars in the automotive industry.

In commenting on this expenditure, Ernest R. Brech, Ford executive vice president, in a special film message declared that "never in the history of the automotive world was so much accomplished within such a short space of time. The entire company was reorganized, a brand new product designed, tested and made ready for production in less than two years."

"The 1949 Ford models represent more than 18 months of rigorous testing, involving hundreds of laboratory tests of all types and more than 1,000,000 miles of actual road operation," Mr. Brech observed.

J. R. Davis, Ford vice president and director of sales and advertising, told the dealers that a competitive buyer's market was still "a long way off, and would be prolonged due to the present economic situation both at home and abroad." There are still 10,000,000 new-car buying families in America waiting to take delivery of a car, Mr. Davis said.

C. J. Seyfler, manager of Ford's Northeast Region, stressed the importance of leadership among Ford dealers in both sales volume

in the automotive industry and in community building.

Ford dealers throughout the nation will display the new models in their showrooms beginning June 15, Mr. Shively said.

Drew Pearson Has Been Named Father of Year

New York, May 27—Columnist Drew Pearson was named "The Father of the Year" at the annual Father's Day Award luncheon here today. This is the first time a newspaperman has won this distinction. Mr. Pearson was chosen for the honor because of his achievements with his vast "International Friendship Train" project and his activity in the "Make-Democracy Live" program. The Selection Committee also recognized his consistent fight against intolerance and for good citizenship.

Drew Pearson played a large part in the defeat of the Communists in the recent Italian election. One United States diplomat credits him with turning the tide in this crucial test against Communism. He started his program by revealing details of a Communist plot to take over Italy, called the roll of Italian Communists and revealed where secret

arms were cached. Mr. Pearson followed this up with the Friendship Train and travelled with it across the United States and into Italy and France. He proposed to the American people that they write letters to friends and relatives in Italy to combat Communist propaganda and a million extra letters a week flowed overseas. His "Make-Democracy-Live" radio program was shot-wave to Italy with prizes for the best letters on democracy.

Father's Day is June 20 and its theme this year is "Good Citizenship Begins at Home—Honor Dad, Builder of our Children's Future."

LOOK OUT FOR PIN-WORMS
Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms, often without suspecting what is wrong! And these pests, living inside the human body, can cause real distress. So watch out for the warning signs that may mean Pin-Worms—especially the irritating rectal itch. Get JAYNE'S P-W and follow the directions. P-W is the Pin-Worm treatment developed in the laboratories of Dr. B. Jayne & Son, after years of patient research. The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms. Ask your druggist: P-W for Pin-Worms!

Vari-Designed Money
American paper money was printed in some 3000 different designs by individual banks before a standard federal currency finally was adopted, according to the Encyclopedia Britannica.

Your Part
The things we failed to do last week, last month, yesterday, are all with us. The man who thinks the things he didn't do can be forgiven, is only fooling himself. They will be waiting along the road.

Your part in the world is very small. Don't put it off. One grain of sand never filled a bushel measure, but it helps its fellow grains do so.

Your little service to others may pass unnoticed, but the sum of all such helpfulness is what makes the world better today than it was yesterday, and builds a new civilization.

Anthony Hope

Ships. I'm sorry, but I make it a rule never to lend money. It ruins friendships.

But, that's O. K. But we were never what you might call close friends, were we?

Following down — Low and low.

Holmes and Tibbit
The humble thought makes no sense. It's a great feeling.

A lady who had engaged a new cook made a tour of inspection after she had kept her a week. She found a policeman locked up in the kitchen.

"How did this man get here?" she asked.

"I'm sure I don't know. He must have been let down by the last cook."

"To be sure, it's cheap as one, but it's a lot better."

"Oh, yes, that's what does it. When you have a paper, some money, and a convention as a guide, the man has wife don't even know him."

The man in this scene, the young man pushes into the room, and says, "I'm sure I don't know. He must have been let down by the last cook."

God Goes to a Circus

By FRANK TRIPP

God has gone with a circus. And I'll be going to church at least once in July, too. It will be under canvas and the preacher will be an old showman, a colorful and unusual one.

He is a man of about 40 years of age, with a friendly, smiling face. He is a man of about 40 years of age, with a friendly, smiling face. He is a man of about 40 years of age, with a friendly, smiling face.

ling down the festooned cheeks of clowns. The realm of make believe is really one of just plain folks and mostly decent ones too. They all love Doc.

He runs a Sunday School for circus children. It functions every day, not just Sundays. Last season it numbered 25 who never missed a session.

The Sunday School most likely is the only one extant with a 100 per cent attendance record. It's that way by Doc's ingenuity. He was always a master at getting out crowds.

But in his Sunday School, Doc isn't after a crowd's money. Instead of having the children drop a penny on a collection plate, he gives each one a penny. Every day they gather to hear their "Uncle Doc" as the children of the circus know this grand old man.

When Doc and I get together I don't exactly know what we'll do or where we'll go to sit and talk. He may not relish the spots we used to meet. Still after all, he may and drink ginger ale.

Doc Waddell is really William Andrews. His ancestors were performers. At one time he sold candy with the old John Robinson show. A boy pal who worked with him was named Waddell. The troupe dubbed the pair Doc and Kid Waddell. The name stuck.

Doc was converted in 1905 just after I last saw him. He'd nothing much worse than tall stories to report. In 1908 he left the circus for several years. To do missionary work in hospitals, the slums and jails around Columbus, Ohio, where he lives. He still spends his winters in that unselfish way.

And to think that's how Doc Waddell turned out! There's still a chance for you.

Locomotive Doubles as Fire Engine

When a fire started on the Northwestern Railroad tracks near Chicago, the only way to reach it was by rail. Firefighters rode locomotives to the blaze, and the engines were used to pump water into the flames.

cret witness, Harry Levey of New York, vice president of Hanco Products Co. testified that he had paid \$28,000 for 14 licenses that turned out to be forged. It also developed that customs declarations had been forged as well.

The spurious licenses cover not only foodstuffs, but possibly steel, which has been exported far beyond existing quotas. Investigators learned. Forgeries also have been uncovered in the shipment of streptomycin to the Philippines.

The forgeries were stumbled upon accidentally several weeks ago when Homer Zapf, a committee investigator, brought in figures showing flour shipments to Brazil in 1947 had been three to four times greater than the export quota.

Chief Investigator Burt Wimer promptly checked the Commerce Department records against those of the Port of New York customs collector and found, for example, that a license authorizing shipment of a 1941 automobile to Venezuela had been changed to allow 10,000 bags of flour to Brazil.

A forgery expert testified that scores of these licenses had been forged.

are commonly entertained by the majority of the Northern white people but which the Northern people constantly evade.

The Southern whites are not landlocked primitives. They get around and they have intermarried with Northern families. The ghettos of Harlem and Washington, Detroit, Toledo, Chicago and Philadelphia are not secret camps unknown to the Southern white man.

The newly-frictions and provocations on buses and subways which compel Northern white men to submit to avoid race riots are as well known to the Southern white man as to the New York and Chicago police and to daily papers of the big Northern cities which try to ignore them out of existence.

Governor Wright received an enormous fan mail after his Sunday radio speech. Most of it came from Chicago and Pittsburgh where the Negroes are constantly needed with anti-white editorial matter. His fans didn't like his talk. Nevertheless, bearing the platitudes of respect and affection for the good Negro who is a docile man living in hope of better things for a future generation of Negroes, Governor Wright's presentation was more honest and respectable than the Truman program and the pretenses of the Republicans. The Republicans had from 1935 until 1932 to break down the Northern ghettos but didn't. Roosevelt had from 1932 to 1945 but barred all Negroes forever from buying land or living at Warm Springs, Ga. Summer Resident Dies in Jersey

Woodstock, May 26 (Genard J. M. Simons, seventy-one, former chief United States correspondent for "De Telegraaf," of Amsterdam, Holland, died today while visiting friends at Franklin Lake, near Wyckoff, N. J. He lived at 315 East Sixty-eighth street, New York city, and had a summer home in Woodstock.

First assigned to New York during World War I, Mr. Simons was a founder and life member of the Foreign Press Association, organization of foreign reporters working in this country. Specializing in financial news, he helped give "De Telegraaf," then Amsterdam's largest paper, a reputation for the most financial coverage on the Continent. In 1940, he was made a Knight of the Order of Orange-Nassau by Queen Wilhelmina.

Mr. Simons left "De Telegraaf" in 1941, after the paper turned collaborationist and continued publishing during the German occupation of the Low Countries. Its publication was suspended after the German defeat. Following Pearl Harbor, Mr. Simons worked in New York with the Netherlands Information Service. For a year preceding his retirement in 1946, he was on the staff of Aneta, the Dutch news agency. He wrote ten novels published in Holland.

Surviving are his wife, Mrs. Margaret Holmstrom Simons, and a stepson, Louis de Block, of Mexico City.

Janitor Is Convicted

New York, May 26 (AP)—A public school janitor, whose pack of bull terriers killed a Bronx school boy, was convicted yesterday of second degree manslaughter, with a jury recommendation for clemency. Sentencing of the defendant, Svend O. Sandgren, 52, was set for June 10 by Bronx County Judge Harry Stackell. The possible maximum penalty would be 15 years in prison. Stanley Balaban, 11, was killed by the dogs last July 1 in a lot near a Bronx swimming pool. A two-count indictment charged Sandgren with owning vicious dogs and with allowing them to roam. A defense motion for continuance of his \$2,500 bail was turned down, and Sandgren was sent to the Bronx county jail to await sentencing. An earlier trial resulted in a jury deadlock last December 16.

Retired Pastor Was Active in Kingston In Supply Role

The Rev. Robert J. Van Deusen, 75, retired Lutheran pastor, who died Tuesday at his Center Brunswick home following a long illness, served as supply minister at the Evangelical Lutheran Church of the Redeemer, Wurts and Rogers streets, from January 1 to February 15, 1947.

The well-known and well-liked clergyman served the local downtown church during the time of the Rev. Russell S. Gaenzle's resignation in January until the present pastor, the Rev. David C. Gaisie, assumed the charge in February of 1947.

Funeral services for the retired pastor will be held at St. John's Lutheran Church, 160 Central avenue, Albany, Thursday at 1:30 p. m. Burial will be at St. John's at 5 p. m., Thursday. The family has requested that no flowers be sent.

Three Minister Sons
The Rev. Mr. Van Deusen, who is survived by three sons, all ministers, was born near Fort Plain, January 18, 1873, and was graduated from St. Johnsville High School in 1891. He was ordained to the Lutheran ministry in 1902 upon graduation from the Hartwick Theological Seminary.

He was a member of the board of trustees of Hartwick Seminary and later assisted in the establishment of Hartwick College. The Rev. Mr. Van Deusen also served as a member of the examining committee of the United Lutheran Synod of New York.

Throughout his ministry he served in many New York state churches including Ingham's Mills, Bethany, Central Bridge, Onondaga, Churchtown, West Camp, Poesentkill, and Center Brunswick in addition to his supply work at the local church.

Since his retirement he had been supply minister for Emanuel, Trinity and St. John's Lutheran Churches, all in Albany.

The Rev. Mr. Van Deusen married Miss Nettie M. Groff of Crum Creek in 1902. She died in 1914, leaving six children. He remarried in 1929 to Lena L. Cress of South Columbia.

Besides his wife, he is survived by three daughters, Mrs. Ward Evans of Rochester, Miss Lena Van Deusen, a missionary in Guntur, India, and Miss Leah Van Deusen, a church worker in Dayton, O.; also three sons, the Rev. Robert E. Van Deusen, Washington, D. C., the Rev. Dayton G. Van Deusen, Center Brunswick; and the Rev. Clayton G. Van Deusen of Albany. Five grandchildren also survive.

When Alderman-at-Large Charles J. Turck announced at the meeting of the Common Council Tuesday night that the aldermen had been invited to participate in the Memorial Day parade on Monday, Alderman Peter Simpson of the Sixth Ward criticized the practice in recent years of disbanding the parades at Delaware avenue instead of continuing down to the Strand.

Alderman Simpson pointed out that "The people downtown are taxpayers, too, and are entitled to a parade."

Alderman-at-Large Turck ruled Simpson out of order, since it was a special meeting and no other business could be taken up except that for which the meeting was called, but told the alderman that the matter can properly be taken up later, and urged consideration of Simpson's suggestion.

The aldermen agreed to participate in this year's parade under the new plans, which call for a line of march from Albany avenue at Clinton avenue to Broadway at Delaware avenue.

Blonde Divorcee Offers Herself 'For Sale'
Hempstead, N. Y., May 26 (AP)—An attractive 28-year-old blonde divorcee today offered herself "for sale" as a wife to a man with \$10,000 and willing to support her and her two small children.

Several hours after Mrs. Dorothy Lawlor of Hempstead made the offer in a feature story published in the Hempstead Newsday she said she had received 14 calls from men who told her they had the money to put up. She said she will begin interviewing them tonight.

"I'll make up my mind within a week," she said. "I have just enough money to last me that long."

Her offer appeared in a story after the newspaper had refused this ad:

"Wife for sale. Divorcee, blonde, attractive, wants man to marry and support her and two children. Must be willing and able to make immediate \$10,000 cash settlement."

Married at 15 and divorced eight years ago, Mrs. Lawlor claimed that her former husband refused to support her and her children, Dorothy, 11, and Tommy, 10. She works part time as a registered nurse and has a job as a check girl in a night club.

"I just don't believe in love," she said. "But surely, somewhere, there must be a man who wants a wife and two fine children. Perhaps we could learn to love each other after a time."

She said she has admirers and "could get married tomorrow, but the cash isn't there."

Too Much for Him
Chicago, May 26 (AP)—Marjorie Johnson, 20, a stenographer, likes to read the classics and wanted her husband to read them, too, she told Superior Court Judge Edwin A. Robson. But, she testified yesterday in her suit for divorce, he persisted in reading only the comics. They quarreled over their reading preferences, she said, and her husband, Raymond L., a stock clerk, struck her. Mrs. Johnson was granted a divorce on grounds of cruelty.

Bea Barley Shoots 583 for Fifth in State Women's Singles Event

R. La Rocca and D. Flemings Post 1075 for 7th Place

Bea Barley led a sharp comeback by Kingston women bowlers in the minor events of the New York state tournament Monday in Utica by firing a brilliant 582 singles for fifth place in the standings.

Faced by Miss Barley the local contingent showed a complete reversal of form from the previous day when three squads failed to disturb Class A leaders in the team event.

The lanky ace who staged a great comeback in women's bowling this season after missing several seasons because of the war fired games of 162, 197 and 223. She rolled steadily and her series was marred by two splits and only one miss. Her 223 single was high for the safari.

La Rocca-Flemings Star
Rita La Rocca and Dot Flemings rounded out a 1075 doubles set for 7th place in that division, while Rose Schatzel's all-events of 1631 is in 11th place at the present time. The tournament ends next week-end.

Mrs. La Rocca, a former city singles champion, nudged 564 in the doubles and 549 singles. A 470 total in the team event kept her out of all-events contention as she finished with 1383 which will pay money. Miss Barley posted 1573 with 445 in the team, 540 doubles and 582 singles.

The Schatzel-Jansen tandem posted 1022 for the second best doubles.

Mrs. Schatzel was the most consistent shooter with 531 in the team, 552 doubles and 548 singles.

Trading Barley in the singles division were La Rocca with 549, Schatzel 548 and Marge Jansen 508. The other bowlers failed to crash the prize list.

Bagatelles:

The press dispatches from the scene of the P.G.A. tournament were mighty discouraging to the nation's army of golf duffers. . . . Chick Hartbert, the seige gun and "Skip" Alexander shooting 61 and 62 on a par 71 course. . . . It's enough to drive the average golfer to skunk farming or some other docile pursuit. . . . Skunk farming it not at all at it might seem to the naked eye and people playing the trade have been known to pick up a few scents now and then.

The Deft Jab or the Big Push:

N. LeVan Haver, Reynolds Carr and an unidentified third party birded No. 6 hole at Twaalfskill simultaneously. . . . Quite a trick and legitimate. . . . Mrs. Ed O'Reilly and Mrs. Alex Gerlak and a group were slipping cocktails and discussing the relative thrill of an eagle or a hole-in-one. . . . Mrs. O'Reilly said she attached greater importance to an eagle than to an ace. . . . The group concurred. . . . Just for the sake of dissenting we'll take the hole-in-one. In both cases, particularly among week-end golfers, the element of luck is paramount. . . . Few people shoot for eagles and fewer still seek the hole-in-one. . . . Mechanically speaking it's like comparing a well-soaked triple and a cheap home run in baseball. . . . One batter smacks a 400-foot triple, the other plunks a humpbacked 259 footer into the right field stands at the Polo Grounds. . . . The triple, of course, packs the greater authority but the homer wins the huzzahs. . . . even at the Coogan Bluff handbox. . . . So you take the eagles and please pass the holes-in-one.

Of Men and Mice:

Proving that fame is only relative, a noted golf writer analyzes Herman Barron, the Goodall tournament winner, thusly: "Barron isn't an impressive player. He drives as far as the better week-end club golfers do but Herman rarely wanders off-line. His plumb-rule drives prove decisive and he rarely, rarely, rarely. . . . He is a pin splitter with the short iron. . . . A tremendously underrated player, Barron won the 1948 Tam O'Shanter Open, largest money tourney on the circuit. . . . He won the Western Open in 1942 and missed a tie for the National Open by one stroke in 1946 when he three-putted the 17th green at Canterbury. . . . In other words Mr. Barron is not impressive but great."

Flotsam and Jetsam:

Bobby Jones once said that 31 putts per round was a champion's pace or about the number that it takes a lot of guys we know to negotiate eight holes. . . . Do you use the smooth-flowing pendulum type putting which served Walter Hagen, Bobby Jones and Johnny Farrell so nobly? . . . Or are you a hammer-tap type? . . . Why not visit Tommy Darron or Alex Gerlak and get analyzed. . . . The pendulum type sweeps the ball toward the cup with a full, free swing of the putter. . . . This rhythmic putting stroke is adapted to fast smooth greens. . . . Furthermore the pendulum sweep is less prone to erratic streaks on the green than is the so-called Texas tap technique popularized by Paul Runyan. . . . The pendulum putting stroke is in reality a golf swing in miniature. . . . The blade is taken well back and the follow through toward the cup is accentuated. Golfers using the Texas tap are apt to jab their putts away past the cup. . . . The hammer tack type of putting—in which the blade travels only a few inches— isn't suited to fast greens. . . . Now that we've taken bread and butter from the mouths of Messrs. Darron and Gerlak and given you deathless tips on putting go out and see if you can stay under 100.

About This Man Bobby Locke:

At the age of 20 Bobby Locke, the Australian golf wizard, made his first trip to the British Isles and entered the Irish Open at Portmarnock as an unknown. . . . Locke is well known today as the visitor who has felled the American pros of thousands of dollars in match play. . . . The British Open was then king of the British links. . . . A group of Irish sportsmen offered a prize of 1,000 guineas to anybody who could break 70 on the gate-lashed 7,200 yard Portmarnock links which boasts a par of 76. . . . English sympathizers figured Locke might do "the impossible," but it was schoolboy Locke, a rank outsider, who scored a 69 and took the 1,000 guineas. . . . Locke played the last four holes at Portmarnock in 4-under par. . . . What a money player!

Bridgeport Nears Colonial Lead

(By The Associated Press)
The fast-moving Bridgeport Bees have a chance to take over the lead tonight in the tight Colonial League baseball race.

The Bees play a doubleheader with Waterbury on the Bridgeport field. A double victory for the Bees and a loss for New Brunswick would put the Bees in the van.

New Brunswick, which plays at Poughkeepsie, now holds a one-game lead. Poughkeepsie has a game and a half behind in third place.

Stamford, which is in fourth with nine wins and the same number of setbacks, plays at Port Chester in the other game on the card. The Stamford Timers are only two games out of first place.

The league was idle last night.

Major League Roundup

By The Associated Press

By JOE REICHLER, Associated Press Sports Writer
The Cleveland Indians are putting the squeeze on the rest of the American League clubs with a "Lemon"—Bob Lemon, a converted infielder-outfielder.

Lemon, the No. 2 pitcher on the Tribe's staff—second only to Bob Feller—has been knocking the bats out of enemy hands with even greater eclat than his tutor, Rapid Robert himself.

Each has won five games, but Lemon has lost only two to Feller's three. The pupil also tops the teacher in complete games, six to four; shutouts, two to one, and, strange as it may seem, in strikeouts, 37 to 27. Lemon's totals in complete games, shutouts and strikeouts are also high for the league.

Ike Beats Bolanos

Los Angeles, May 26 (AP)—The Ike Williams camp was happy and the followers of Enrique Bolanos were unhappy—and irate.

That was the aftermath picture of last night's blistering 15-round lightweight championship fight before a record crowd in which Williams, the champion, retained his title by a split decision over Bolanos, the challenger from Mexico.

Referee Charley Randolph gave his vote to Bolanos, but the two judges, Johnny Indrisano and Frankie Van, voted for the lithe Negro lad from Trenton, N. J.

A crowd estimated at 28,000, which paid a gross gate of \$152,000, witnessed the scrap. The gate receipts broke Los Angeles' old outdoor record of \$128,535 set in 1929 by Mickey Walker and Ace Hudkins.

Williams weighed 135 and Bolanos 134.

Walcott Stymied By Injured Foot

Glenock, N. J., May 26 (AP)—An infected right foot has sidelined Jersey Joe Walcott for a few days, but the challenger for Joe Louis' heavyweight boxing crown isn't worried one bit.

"I needed the letup," said Jersey Joe as he lounged about his well appointed Glenock Lake training camp. "I weigh 198 pounds and that's only three and one-half more than when I met Louis last December."

The fight is scheduled for June 23 at the Yankee Stadium.

Neither Walcott or his handlers know how his foot became infected.

"Just one of those things, probably a splinter," said Trainer Danny Florio. "We didn't pay any attention to it until a couple of days ago. Then he went to a doctor yesterday and was ordered to keep off it as much as possible."

Hogan Wallops Turnesa 7 and 6 in P.G.A. Finals

St. Louis, May 26 (AP)—Stonewall Ben Hogan, the great little pressure player from Hershey, Pa., can thank a fine iron game for his second Professional Golfers Association championship and a \$3,500 boost to the family bankroll.

Hogan beat veteran Mike Turnesa, of White Plains, N. Y., 7 and 6, yesterday in the finals of the 30th P.G.A. tournament, mainly because he was complete master of his wedge and eight iron.

The prize money vaulted Hogan's tournament earnings for

this year to \$13,897.50 for 49 rounds of play, second only in dollars and cents to Lloyd Mangrum of Chicago, who has picked up \$14,764.99 in 10 more rounds.

Simply Outclassed

Turnesa, one of three brothers who have lost in the finals of P.G.A. tournaments, simply didn't have the strokes to match the sub-par shooting of the Texas-born Hogan.

With conceded putts, Ben traveled the seven days of golfing over the short and hilly 4,467-yard Norwood Hills Country Club course in 53 under par for the 213 holes. That included two rounds of qualifying play.

Turnesa often outdrove Hogan but performed feebly on many of the greens, although he is regarded as one of the better putters of the game. Three-putt jobs on two greens had a crippling effect on the popular New Yorker.

Hogan Sharp

Always on the inside with his brilliant approach, Hogan trailed only once during the day—on the second hole Turnesa sneaked a 20-footer into the cup. Ben evened the match at the fourth, went ahead on the fifth and from that point never looked back. He was 1-up at the turn of the nine, 4-up from eighteen and 4-up after the twenty-seventh.

Hogan was nine strokes under par yesterday when the match ended. He completed the morning round in 32-33—65, six strokes under regulation figures. Hogan went out in the 34 in the afternoon, one under, and closed the match with birdies on the 29th and 30th holes.

Turnesa went the distance in 33-37—70 in the morning and was out in 34 after lunch.

GOING UP!

You can be in this picture. And there's more to it... the pride you feel when you win your wings... being your own boss behind the controls of a brand-new airplane. You've had the world's finest pilot training with the Aviation Cadets—and you made the grade!

If you're single, between 20 and 26½ years old, and have completed at least half of the requirements for a degree from an accredited college (or pass an equivalent examination), you may qualify for appointment to the Aviation Cadets. Ask today for full details at your nearest U. S. Army and U. S. Air Force Recruiting Station or Air Force base.

Here's that terrific trio of smart new Oldsmobiles! The Futuramic Convertible—with its racy, youthful look and all its automatic features. The Futuramic Club Sedan—so low, broad and gracefully styled. And the Futuramic 4-Door Sedan—the car with comfort and visibility beyond anything you've known.

These new Futuramic Oldsmobiles are ahead of the times in performance, too. A new high-compression head adds horsepower—makes Hydra-Matic Drive even more notable for its "no-clutch, no-shift" smoothness. And once you step down on the gas to WHIRLAWAY... then you'll feel what Futuramic means!

AGING EFFECTS OF BRIDES-MAIDS CLOTHES

A bride writes me: "I am in a great quandary, because my sister whom I love better than anyone else in the world would like to be one of my bridesmaids. I feel sure, and I do, of course, want her. But she is 12 years older than I am and my bridesmaids are my own age. My friends advise me against asking her. What is your opinion?"

I am really sorry to say that your loving impulses, if followed out, are likely to have very different results from those I am sure you intend. When, as occasionally happens, a young bride's sister or dearest friend is a dozen years older than she, the occasion is conspicuously to this elder one's disadvantage, unless the bridegroom and his attendants are also considerably older than the bride.

Boutonnieres

Dear Mrs. Post: Is it correct for men to wear flowers in their boutonhole on any occasion or is it a suitable emblem for a man only at a wedding?

Answer: A single flower is not improper any time he chooses to wear one. Some men wear one almost always. However, real boutonnières are worn only on formal occasions. White ones are correct for the men of the bridal party.

Fish Knife

Dear Mrs. Post: Is it necessary to provide a knife to eat fish? If so, what kind of knife?

Answer: For such a fish as shad or other bone-filled fish, a fish knife should be provided. This is a medium-sized knife with a sharp point. Or if you don't have a special fish knife, a lunch or salad knife will answer perfectly well.

Wedding Notes of Invitation

Dear Mrs. Post: To which names on the wedding list should mother write notes of invitations and to whom should I write?

Answer: You should write to all of your best friends and your mother writes to everyone else, including members of both families.

Wallace Leaves Oregon

Cool Bay, Ore., May 26 (AP)—Henry Wallace left Oregon today after a two-day presidential campaign tour in which he criticized U. S. foreign policy and warned that capitalism must plan for peace. He said his third party's goal was to revive old-fashioned Americanism of Thomas Jefferson and Abraham Lincoln. Wallace said he believes in capital and has had more profitable business experience than either Gov. Thomas E. Dewey or Harold E. Stassen. He is to speak tonight at Coeur d'Alene, Idaho.

Convention . . .

Continued from Page One
Dewey got two and Stassen one. Later in the day, Texas Democrats decided their 50 delegates to the July convention should be instructed to fight President Truman's civil rights program but to support the party nominee, whoever it might be. James A. Farley, former Democratic national chairman, predicted at Minneapolis yesterday that Mr. Truman will be nominated on the first ballot.

The Republican convention in Texas brought these totals of delegates pledged, favorable and claimed without dispute for the three top contenders: Dewey 148, Stassen 88, Taft 81. It takes 548 to grab the nomination. Only 93 C.O.P. delegates now remain to be chosen, including California's 53 to be named in a primary June 1. The California slate will support Gov. Earl Warren as long as he stays in the running for the nomination.

South Dakota will pick 11 delegates the same day and Indiana will complete the convention roster with the choice of 29 on June 10.

Dewey Is Busy in Jersey
Trenton, N. J., May 26 (AP)—Gov. Thomas E. Dewey of New York sought today to recapture his one-time strength in New Jersey.

Fresh from his triumph in Oregon, he was scheduled to meet Republican party leaders and delegates to the G.O.P. national convention in an attempt to further his bid for the presidential nomination.

Four years ago, when Dewey won the nomination, and in 1940, when it went to Wendell Willkie, Dewey had almost unanimous support of the New Jersey delegation.

Today he could claim, like Sen. Robert A. Taft and Harold E. Stassen, no more than the "friendly neutrality" the Republican organization has offered all candidates. The delegation, pledged to Gov. Driscoll as a favorite son, has yet to decide on its course of action after the first ballot, but many leaders who four years ago were for Dewey are now leaning toward Sen. Arthur H. Vandenberg.

Unlike Stassen and Taft, who waited the state recently, Dewey planned no formal speech. The day's program called for a meeting with Gov. Driscoll, a news conference, a luncheon with editors and publishers, a reception at the Princeton home of former Gov. Walter E. Edge, and an off-the-record dinner with delegates and alternates.

At Cleveland last night Dewey showed little patience with published reports he might accept a vice presidential nomination.

"The people of my state believe I am now occupying a position in which I am more valuable than I would be as vice president," he said.

Stowell Describes Far North as Chief Strategic Point

Dinner Club Speaker Shows Colored Film of Labrador; Tells of Grenfell

Scenes of life in the far north along the coast of Labrador were shown in colored movies and discussed by James V. Stowell, explorer, artist and author, at the meeting of Kingston National Dinner Club Tuesday night in the Governor Clinton Hotel. Stowell photographed the scenes two years ago while on a MacMillan expedition.

Stowell pointed out in his opening remarks the importance of the region today for defense. "If war comes," he said, "it will not come across the Atlantic or Pacific but over the top of the world...that region will act as a young hermit of the hemisphere's defense."

Throughout his talk he spoke of missionary work among the natives and the need for assistance. He showed several views of Moravian mission centers which seem to be the hub of the small communities. He also spoke of Dr. Wilfred T. Grenfell's work and of the one small hospital left standing following a disastrous fire to the Grenfell establishment. The hospital of 35 beds, the only one in that region, covers a coastline of 1200 miles and 3,000 natives.

Stowell called the territory a challenge to young engineering students to solve the problem of tapping the mineral wealth in the Far North. "We can't get to it until such a way is found for modern engineering devices to be put to work there."

On the cruise the men were accompanied by Mrs. MacMillan, the former Miss Miriam Look of this city, whose father was one of the engineers on the Ashokan Reservoir.

He spoke of gathering the crew made up mainly of business men and scientists. Mrs. MacMillan, and a young Danish girl who followed the graduates from Oberlin College, was attempting to return to her parents in Greenland. However, the expedition was unable to reach the community because of ice.

The "Bowdoin" as the schooner was named was 88 feet long with a 9½ foot draft. In the bow were placed 25 tons of cement to hold the boat steady while ramming ice flows. The movie was appropriately named "Ice Off Starboard" and showed many views of the icebergs.

Began In 1946

The cruise began between June 5 and 10, 1946, and most of the pictures were taken in July. Among the interesting points were the extremely rough seas in the Cabot Strait; views of the Newfoundland cod fishermen with their desolate and dangerous life; the Arctic bird life at Inner Ganley Islands where some of the crew members captured a black back gulls with a wing spread of 4½ feet; buildings at the Hopevale Moravian Mission which were transported from Denmark; and the native Eskimos, Indians and the sleds dogs.

One of the most interesting tribes shown was the Naskapi Indian tribe, which he described as direct descendants of the Algonquin Indians of the Hudson Valley. He said that they now live a Nomadic life and are the most primitive people of the entire region. They come to the coast only once a year to have their fire blessed by a priest. At that time they dress in nondescript clothing but when they return to their own community they don garments of skin and fur.

He also showed the mission stations where the expedition would meet old friends among the missionaries and leave quantities of picture magazines with which to teach the children about automobiles, trains and buildings in the modern world. The entire coast line is most bleak and desolate and Mr. Stowell earnestly stressed the need of medical assistance to the people.

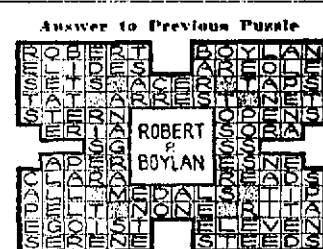

Views of polar ice taken July 13, 1946, were shown with members of the party climbing about the floes. The small pools provide excellent drinking water. Stowell explained that it was not salt water since the ice was formed by solidification of snowflakes some 15,000 years ago. The most majestic iceberg shown was 261 feet above the water.

The current under the ice and in that region is strong, the speaker noted. The expedition put hundreds of bottles in the water carrying the date and temperature.

Divorce Is Asked

Elizabeth, N. J., May 26 (AP)—Opera and radio star Lucille Manners, blonde and pretty ex-stenographer who met her air force lieutenant husband when his dog pushed her into a fence five years ago, sought a divorce today on charges of mental and physical cruelty. The uncontested suit accused her husband, William J. Walker of New York City, of giving her "repeated empty promises" but never a home of their own since their fashionable wedding January 6, 1944. Instead, she charged, Walker constantly demanded money from her and moved his belongings into her mother's home at nearby Millburn after he left the air force. The suit said, since they tried an unsuccessful "second honeymoon" early last year.
